

FARMINGTON FIELD OFFICE
JULY 21 LEASE SALE – SUMMARY OF RECOMMENDED STIPULATIONS

<u>Stipulation</u>	<u>Description/Purpose</u>
NM-11- LN	LEASE NOTICE – CULTURAL RESOURCES All development activities proposed under the authority of this lease are subject to compliance with Section 106 of the National Historic Preservation Act and Executive Order 13007. Compliance could require intensive cultural resource inventories, Native American consultation and mitigation measures to avoid adverse effects
F-33-LN	LEASE NOTICE – MOUNTAIN PLOVER All development activities proposed under the authority of this lease are subject to compliance with mitigation measures described in the Biological Assessment prepared as part of the Endangered Species Act Section 7 consultation for the Farmington RMP. Surface disturbance activities proposed for the breeding season (April 1 – July 31) will require surveys for mountain plover. Detection of habitat will require construction to be restricted during the period of August 1 – March 31.
F-39-NSO	NO SURFACE OCCUPANCY – SPECIAL CULTURAL VALUES AND/OR TRADITIONAL CULTURAL PROPERTIES No surface occupancy or use is allowed on BLM managed lands for the purpose of protection of known cultural resource values and/or traditional cultural properties in areas not already within ACECs. This stipulation may be waived, excepted, or modified by BLM, if such action is consistent with the Resource Management Plan. Any portion of a lease area that contains these special values will require special attention to prevent unacceptable impacts to surface resources.
F-41-LN	LEASE NOTICE - BIOLOGICAL SURVEY A biological survey may be required prior to any surface disturbing activity on BLM managed lands. Proposed activities may be subject to seasonal closures within sensitive species habitat. Federal land management agencies are mandated to manage special status species so they should not need to be listed under Endangered Species Act (ESA) in the future.
